**TEN GREAT REASONS TO BE CATHOLIC**

10. This is the church that Jesus Christ started and sent the Holy Spirit to guide. It is unique and original.
9. The Catholic Church has relieved more suffering than any other group of people in the history of the world. We care for the sick, the hungry, the lonely, the homeless, the uneducated, and the imprisoned.
8. We have history and mystery. To really understand Christianity you need a historical perspective, and the history of Christianity is Catholic. For more than fifteen hundred years there were no Baptists, Methodists, Presbyterians, Anglicans, Pentecostal Christians, Lutherans, Mormons, Evangelical Christians, Non-Denominational Christians. Today there are more than twenty-five thousand different Christian denominations, but they all lack the rich and beautiful history we have as Catholics. We have history and we have mystery. We know it's all right not to have the answer to everything. Some things are a mystery, and that's OK.
7. We have the saints. These are the great heroes and heroines of Christianity. They are the most diverse group of people in history. Some were rich and some were poor; some were very well educated and some had no formal education; some were young and others were old. They have lived in every century, on every continent, in every country- and they all tried to be the best version of themselves. Now they are in Heaven, cheering you on.
6. We believe in the power of prayer. At every moment of every day Mass is being offered in thousands of places around the world. We don't just pray for Catholics; we pray for everyone. Imagine how different the history of the world would have been if the Catholic Church had never offered a single prayer.
5. It is the same all around the world. If you go to Mass in any country, even if you don't speak the language you still know what is going on. Catholicism is the same everywhere and that is a beautiful thing.
