La comunicación es un área donde siempre puede haber mejoras. Hable con su cónyuge sobre las formas en que puede comunicarse mejor o en los momentos en que no se siente "escuchado."

In today's Gospel, the prodigal son repents and finds mercy in the heart of his father. Know that your penance during Lent can give the poor the grace of finding the merciful heart of God the Father.

In the month of March, through your gifts to St. Vincent de Paul, we were able to assist families with food, clothing and utilities. Thank You!

Lenten Fasting

Fasting is one of the most ancient practices linked to Lent. The paschal fast predates Lent as we know it. The early church observed a strict fast for two days before celebrating the Easter vigil. This fast was eventually extended and became a 40-day period of fasting leading up to Easter. Vatican II called for a renewal of the ancient paschal fast: "... let the paschal fast be kept sacred. Let it be celebrated everywhere on Good Friday and, where possible, prolonged throughout Holy Saturday, so that the joys of the Sunday of the Resurrection may be attained with uplifted and clear mind" (Liturgy#110)

Fasting is more than a means of developing self-control. It is often an aid to prayer, as the pangs of hunger remind us of our hunger for God. The first reading on the Friday after Ash Wednesday points out another important side to fasting. The prophet Isaiah insists that fasting without changing our behavior is not pleasing to God. "This, rather, is the fasting that I wish: releasing those bound unjustly, untying the thongs of the yoke; setting free the oppressed, breaking every yoke; sharing your bread with the hungry, sheltering the oppressed and the homeless; clothing the naked when you see them, and not turning your back on your own" (Is 58: 6-7)

ORGAN DONOR REGISTRATION

Council
10799

Pope Benedict XVI

A Gift for Life, Considerations on Organ Donation - (11-1-2008)

"Organ donation is a unique testimony of charity. There exists, in fact, a responsibility of love and charity that commits oneself to make one's own life a gift for others, if one truly seeks one's own fulfillment. The act of love, which expressed with the gift of one's own vital organs, is a genuine testimony of charity that knows how to look beyond death so that life always wins."

Saint Pope John Paul II

For a New Culture of Human Life - (March 25, 1995)

"Over and above such outstanding moments, there is an everyday heroism, made up of gestures of sharing, big and small, which build up an authentic culture of life. A particularly praiseworthy example of such gestures is the donation of organs,...with a view to offering the chance of health and even life to sick who sometimes have no hope."

Facts about Organ and Tissue Donation

FACT: It's a federal crime to buy or sell organs and tissues. Race, gender, income or celebrity status are never considered in determining who receives an organ. Organ allocation is based on factors including blood type, length of time on a waiting list, geographical location, severity of illness or other medical criteria.

FACT: Doctors who treat patients at the time of death have nothing to do with donation or transplantation of their organs and tissues. Every effort is made to save the patient's life before donation can be considered.

FACT: There is no cost to be a donor. Donation is a gift. Any costs for transplantation are the recipient's cost.

FACT: Studies show that donation most often provides immediate and long-term consolation.
